I, David Breshears, do hereby declare and state as follows:

1. This declaration is based upon my own personal observation and knowledge, and if called upon to testify I could competently testify to the matters set forth in this declaration.

2. I am a Certified Public Accountant (“CPA”) who has been licensed to practice in the State of California continuously since 2006. I have also been designated by the AICPA as a CFF (Certified in Financial Forensics). I am currently a partner at Hemming Morse, LLP, CPAs and Forensic Consultants. My work in the accounting profession includes experience as an auditor and as a consultant. I have consulted on over 250 matters related to federal or state wage and hour laws. These matters include unpaid overtime, off-the-clock, meal and rest period violations, employee misclassification, recordkeeping violations, time shaving and similar topics. In 1998, I obtained a Bachelor of Science Degree in Accounting from California State University, Chico. I have given a number of presentations on accounting and wage and hour issues. My expert qualifications, including my testimony, are described in Exhibit A hereto.

3. My firm has been compensated for my review and analysis in this matter at my standard hourly rate, which is currently \$475 per hour. Others have assisted me in my work and my firm has been compensated for their work at their standard hourly rates.

4. My firm has been retained by counsel for Plaintiffs in the matter of Julia Bernstein, Lisa Marie Smith and Esther Garcia, on behalf of themselves and all others similarly situated against Virgin America, Inc. and Alaska Airlines, as successor in interest (“Virgin” or “Defendant”). I previously signed declarations in this action on June 23, 2016; September 29, 2016; October 6, 2016; November 1, 2016; November

10, 2017; December 29, 2017; February 6, 2018; February 21, 2018; and September 27, 2018. This declaration is intended to supplement those declarations.

5. I understand that the District Court issued judgment to Plaintiffs and the Classes in 2019, Defendant appealed, and that, in July 2021, the Ninth Circuit Court of Appeals issued an opinion that requires modification of some of the calculations I have performed in this action to date. Accordingly, I have been asked to update my analysis of the amounts owed by Defendant related to certain claims.

6. My September 27, 2018 declaration sets forth my analysis and calculations for the Class and Subclass due to Virgin’s alleged failure to:

- a. pay minimum wage;
- b. pay overtime wages;
- c. pay wages for all hours worked;
- d. provide required meal periods;
- e. provide required rest periods; and
- f. provide accurate wage statements.

7. My September 27, 2018 declaration also calculated prejudgment interest, waiting time penalties for the Waiting Penalties Subclass (“Penalties Subclass”), and civil penalties under the Private Attorneys General Act (“PAGA”) for Virgin’s failure to pay minimum wage, for all hours worked, and overtime, and failure to provide meal periods, rest periods, accurate wage statements, and timely pay.

8. I understand that the Ninth Circuit reversed the District Court as to Plaintiffs’ claims for minimum wage and for all hours worked and that Plaintiffs are no longer entitled to damages, interest, or penalties for those claims. Accordingly, these amounts have been removed from my analysis.

9. I understand that the Ninth Circuit affirmed Plaintiffs’ claim for overtime violations. Accordingly, the only modification to the calculations on this claim is to

1 account for the additional prejudgment interest due. Calculated damages related to  
2 overtime (and double time) premium wages due, from October 2011 through  
3 December 15, 2017 total \$6,004,716 (see Exhibit B-1 and B-2 for a breakdown of the  
4 damage by Class and Subclass member respectively). I have calculated simple interest  
5 at 10%, from 10 days after the pay period ending month through July 28, 2022.  
6 Prejudgment interest related to the overtime claim totals \$4,477,618.  
7

8 10. I understand that the Ninth Circuit affirmed Plaintiffs' claim for meal break  
9 violations and Plaintiffs' claim for rest break violations. Accordingly, I have made no  
10 modifications to the calculations on these claims. Calculated damages related to meal  
11 break violations total \$182,461. Calculated damages related to rest break violations  
12 total \$401,995 (see Exhibit B-1 and B-2 for a breakdown of the damage by Class and  
13 Subclass member respectively).<sup>1</sup> I have calculated simple interest at 7%, from 10 days  
14 after the pay period ending month through July 28, 2022. Prejudgment interest related  
15 to the meal break and rest break violations total \$86,522 and \$193,139, respectively.  
16

17 11. I understand that the Ninth Circuit affirmed Plaintiffs' claim for wage  
18 statement violations. Accordingly, I have made no modifications to the calculations  
19 on this claim. Calculated penalties for failing to provide itemized wage statements  
20 total \$4,398,600 for 1,541 employees (see Exhibit B-1 and B-2 for a breakdown of the  
21 Penalties by Class and Subclass member respectively).  
22

### 23 **Extrapolation of Overtime, Meal Period, and Rest Period Violations**

24 12. As stated in my September 27, 2018 Declaration, CrewTrac reports were  
25 not available prior to October of 2011, and other sources were not in a usable format  
26 to consistently calculate damages. Accordingly, I estimated damages and prejudgment  
27

28 <sup>1</sup> I have calculated damages for the meal and rest break violations only for intra-California; therefore, there are no additional damages to the Subclass for these claims as shown on Exhibit B-2.

1 interest for this period based on those calculated for October of 2011 through April of  
2 2012. I understand these damages were also affirmed on appeal. They are:

3 Category	Overtime Wages Due	Meal Periods Due	Rest Periods Due	Total Due
4 Estimated Wages Due (3/18/11 to 9/30/11)	\$319,876	\$8,064	\$8,846	\$336,786
5 Interest Due (Mid-point 8/5/11 to 7/28/2022) <sup>2</sup>	\$351,382	\$6,201	\$6,802	\$364,384

6  
7  
8  
9 13. I understand that the Ninth Circuit affirmed Plaintiffs' claim for waiting  
10 time penalties. Accordingly, I have made no modifications to the calculations on this  
11 claim. Calculated waiting time penalties total \$2,306,210 for 510 employees.

#### 12 **PAGA Penalties**

13 14. I understand that the Ninth Circuit directed the recalculation of penalties  
14 Defendant owes pursuant to the Private Attorneys General Act, Labor Code § 2698 et  
15 seq. ("PAGA"). I also understand that the Court directed that for any penalty that  
16 employed a "subsequent violation" rate, that rate applied only to violations after this  
17 Court granted Plaintiffs' first motion for summary judgment. Because Plaintiffs'  
18 motion was granted after the Class period at issue in this case, I have revised my  
19 calculations to employ the "initial violation" rate as described more fully below.

20 15. I am informed that the PAGA period is September 26, 2014 through  
21 December 15, 2017.

22 16. I have been asked to assume that PAGA penalties for Defendant's failure  
23 to provide lawful timely meal breaks are calculated as \$50 for each employee for each  
24 pay period during the PAGA period in which the employee had at least one meal break  
25 violation within the pay period. Potential penalties for failing to provide lawful meal  
26 breaks total \$212,000 for 1,131 employees.

27  
28 <sup>2</sup> Interest for the extrapolation period is separate and in addition to the \$4,477,618 described above.

17. I have been asked to assume that PAGA penalties for Defendant’s failure to provide lawful timely rest breaks are calculated as \$50 for each employee for each pay period during the PAGA period in which the employee had a least one rest break violation within the pay period. Potential penalties for failing to provide lawful rest breaks total \$421,000 for 1,320 employees.

18. I have been asked to assume that PAGA penalties for Defendant’s failure to pay overtime due are calculated as \$50 for each employee for each pay period during the PAGA period in which the employee worked overtime but was not paid at the appropriate rate for those overtime hours. Potential penalties for failing to pay overtime total \$2,011,200 for 1,270 employees.

19. I have been asked to assume that PAGA penalties for Defendant’s failure to provide accurate wage statements are calculated as \$100 for each employee for each pay period during the PAGA period. Potential penalties for failing to provide accurate wage statements total \$6,679,700 for 1,539 employees.

20. I have been asked to assume that PAGA penalties for Defendant’s failure to pay timely wages are calculated as \$200 per employee for each pay period during the PAGA period. Flight attendants are typically paid on the last day of the month for the pay period of the 1st to the 15th of the month, and on the 16th of the month for the pay period of the 16th to the last day of the month. I have been asked by Plaintiffs’ counsel to assume that all pay periods at issue would be considered untimely, as Defendant’s pay practice does not pay wages within the time period specified by Labor Code section 204, i.e., by the 26th for labor performed between the 1st and the 15th of the month, and by the 10th for labor performed between the 16th and the last day of the month. Potential penalties for failing to provide timely wages total \$14,092,200 for 1,613 employees.

I declare under penalty of perjury that the foregoing is true and correct.

### Selected Case Experience

- Engaged as damage expert by plaintiff, to analyze and quantify; meal and rest period claims, improper distribution of gratuities, and off-the-clock hours, for an upscale restaurant chain.
- Engaged as damage expert by defendant, a farm labor contractor, to evaluate claims related to off-the-clock hours worked and expense reimbursement for small tools for over 20,000 employees.
- Engaged as neutral accounting expert by plaintiff and defendant to calculate potential unpaid hours worked and additional overtime premiums for commission bonuses, for a manufacturing/engineering firm.
- Expert for the plaintiff. Retained to determine the frequency and magnitude of time shaving claims of a mid-size manufacturing firm.
- Provided consulting services to defense counsel in a class-action wage and hour matter, which alleged that hundreds of County employees were paid improper overtime wages under the FLSA. Prepared analyses using hours worked records, compensation data, employee records, and other data to determine the proper calculation of employees' regular rate of pay and related overtime compensation.
- Assisted counsel in preparing a case involving unpaid overtime, meal and rest break violations, and off-the-clock time for an employee of a hotel chain. Reviewed employment history files, time records, and other documents to determine the number of potential violations and to quantify damages.
- Assisted expert for plaintiffs' counsel in a class-action wage and hour matter, which alleged that over 250 small business banking officers were improperly classified as exempt. Reviewed statistical sample of hours worked, salary and commission related earnings, paid time off records, and other data to determine the damages related to unpaid overtime and missed meal breaks.
- Assisted expert for plaintiffs' counsel in a class action matter against a fortune 500 company, which alleged that a class of several hundred individuals was misclassified as independent contractors in the state of Washington. Prepared analysis of average earnings across all class members and performed comparison to national averages for similarly situated employees and independent businesses. Performed business valuation services to determine economic value of independent contractor assets and to incorporate any discounts that may apply related to the controls and requirements of the customer/employer operating agreement.
- Assisted expert for plaintiffs' counsel in a class-action matter against a Fortune 500 company, which alleged that over 75,000 California employees were required to pool their tips with supervisory employees in direct violation of the California Labor Code.

- Provided consulting services to plaintiffs' counsel in a class-action wage and hour matter, which alleged that hundreds of employees were not paid the proper "living wage" in accordance with the company's contractual obligation. Created a database of hours worked and earnings information from paper and electronic records, and then providing damages estimates based on a variety of assumptions and legal theories.
- Advised counsel on class certification issues by applying economic and statistical approaches to analyze evidence relating to class member variation, if any, and to determine both liability and damages.
- Consulted for Health Provider in a dispute involving a guaranteed maximum price contract for the construction of various structures. Assisted the expert in analyzing construction costs incurred and calculating the amount due to the general contractor.
- Performed statistical and contractual analysis for labor settlement or arbitration purposes, including analysis of pay and benefits, job content, productivity, labor costs, and profitability.
- Consulted clients in their efforts to identify overpayments of construction projects; discover errors and identify unreasonable project charges; identify weaknesses in contractual agreements; reduce risks of fraud, waste, and abuse; and recover payments made in error.
- Prepared financial analyses in connection with assignments involving fraud, contract disputes and lost profits.
- Performed extensive research for a variety of cases, including cases involving fraud, contract disputes, and lost profits.
- Created various databases and/or tested the accuracy of databases created by others in order to assimilate large amounts of information to be presented in a meaningful manner.
- Managed audit engagements from planning to reporting, including delegation and review of staff assignments and control of time and expenses.
- Prepared and examined financial reports including research and analysis of technical accounting issues.
- Analyzed client accounting systems and related controls and developed specific recommendations for improvements.
